User Story 1 – As A Seller User, I want to Sell Product X

1. Seller User – Main Screen
   - Username at the Top Right
   - Majority of the Middle of a list of all Seller's Current Products for Sale
   - At the Top of the list is a add new item button (leads to next screen)
2. Product Details Entrance Form
   - Form Page to add details of the product including title, descriptions, price, quantity
   - Button to Post Item to Site
     - Will Not work if there is missing Information or image.
   - Will return to first Page once complete.
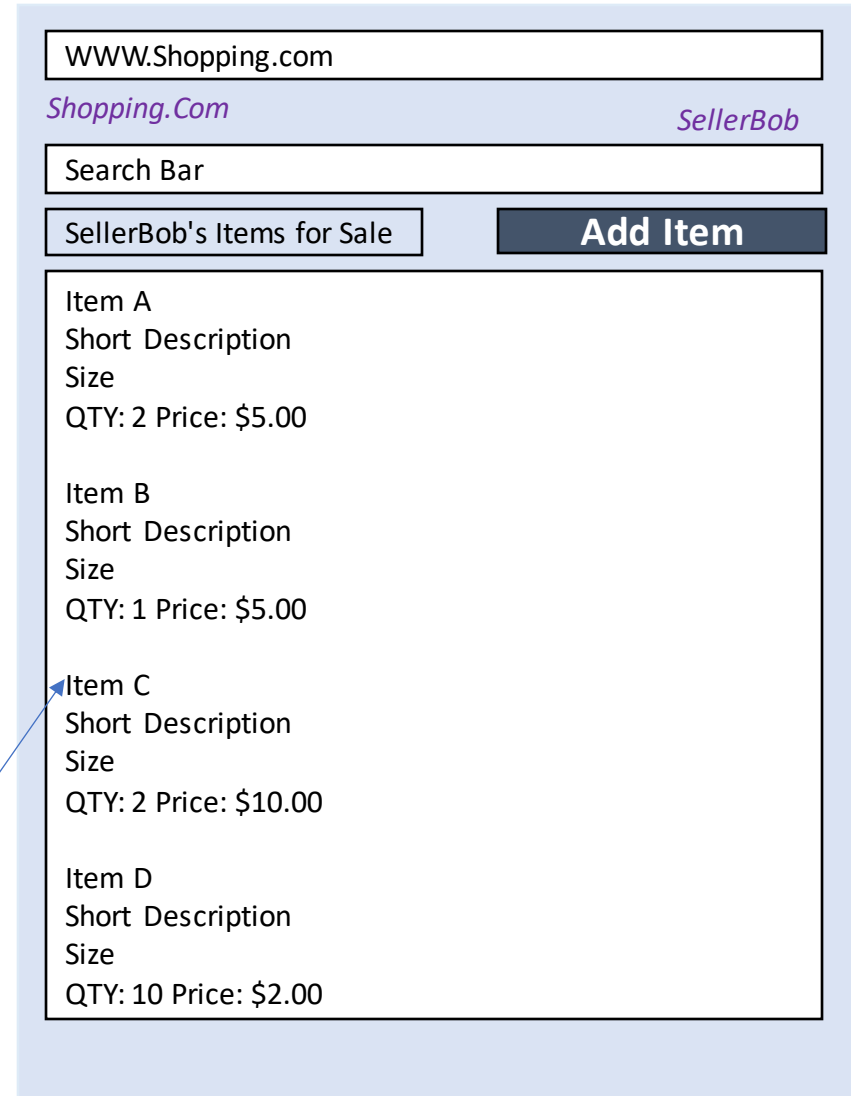

A common use case for this user story:
1. A Seller wants to sell a new item, so they open their home screen and clicks the associated "Add Item" button
2. The Seller adds all the appropriate information for the item, then posts the item
3. After new item is posted, the Seller is returned to the main screen where that item is now visible

Main Seller User screen

1. Seller User – Main Screen
   - Username at the Top Right
   - Majority of the Middle of a list of all Seller's Current Products for Sale
   - At the Top of the list is a add new item button (leads to next screen)
